
Being an Act to amend the National Electricity Act, 2011, to make provision for the Electricity Generation and Transmission Company and Electricity Distribution and Supply Authority to enter into agreements with third parties jointly or otherwise, to provide for the establishment of collection account instruments for the Company and the Authority and to provide for other related matters.

ENACTED by the President and Members of Parliament in this present Parliament assembled.
1. Section 11 of the National Electricity Act, 2011 is amended by the repeal and replacement of that section by the following new section—

11 (1) The Company shall be responsible for—

(a) the generation and transmission of electricity; and

(b) the sale of electricity to the Authority and to customers eligible for such sale as the Minister may, by statutory instrument prescribe.”

(2) Without prejudice to the generality of subsection (1) the Company may—

(a) enter into agreements with third parties jointly or otherwise for—

(i) the operation of any Company equipment for generation or transmission;

(ii) the improvement and expansion of any Authority equipment for generation or transmission;

(iii) the sale of electricity by such third parties on behalf of the Company to customers eligible for such sale as the Minister may, by statutory instrument prescribe;

(b) establish a collection account instrument for the receipt, administration and distribution of all revenue collected by the Company from customers referred to in paragraph (b) of subsection (1);

(c) enter into all of the agreements referred to in paragraph (a) of subsection (2) as a single agreement with any third party, jointly or otherwise.

(d) own and operate the existing generating assets of the National Power Authority, the Bo-Kenema Power System and the Bumbuna Hydro-power Plant as well as its transmission lines, above the size determined by the Minister;

(e) develop, construct and operate new generating facilities as the Government may determine should be publicly owned or act as the Government’s partner in a public and private partnership for the development of new generation projects;

(f) develop, construct, own and operate future national transmission grids;
(f) carry on any business usually associated with electricity generation and transmission including the West African Power Pool;

(g) keep itself informed of development relating to the generation of electricity;

(h) advise the Minister on all matters relating to the construction of generating stations and the generation and transmission of electricity; and

(i) do all things necessary, connected with or incidental to the functions set out in this section.

(3) All sale of electricity shall be subject to a power purchase agreement approved by the Commission.

2. Section 34 of the National Electricity Act, 2011 is amended by the repeal and replacement of that section by the following new section—

"Functions of Authority.

34 (1) The Authority shall—

(a) be responsible for the supply, distribution and retail sale of electricity for the entire country except in areas in which the Commission has issued a distribution licence to another appropriately qualified entity;

(b) be responsible for dispatch and system control of electricity within its territory;

(c) establish as far as is practicable uniform standard voltages through-out its area of supply;

(d) secure the supply of electricity at reasonable prices;

(e) carry on any business usually associated with electricity distribution and supply;

(f) promote and encourage the economic and efficient use of electricity, especially for domestic, commercial, agricultural, industrial and manufacturing purposes;

(g) establish a collection account instrument for the receipt, administration and distribution of all revenue collected by the Authority from customers in relation to the supply, distribution and retail sale of electricity under this Act;

(h) enter into agreements with third parties jointly or otherwise for

(i) the operation, improvement and expansion of any equipment for supply, distribution and retail sale of electricity;

(ii) the improvement and expansion of any Authority equipment for distribution;

(iii) the sale of electricity by third parties on their behalf, jointly or otherwise; or
(i) enter into all of the agreements referred to in paragraphs (h) (i), (j), of subsection (1) of section 34 as a single agreement with any third party, jointly or otherwise.

(j) perform any other functions incidental or consequential to its functions under this Act.”

3. Section 81 of the National Electricity Act, 2011 is amended by –

(a) the addition, immediately after paragraph (i) of subsection (2) the following new paragraphs –

(j) processes and procedures for the operation and management of the collection account instruments referred to in paragraph (b) of subsection (2) of section 11 and paragraph (g) of subsection (1) of section 34 respectively;

(k) the criteria to become an eligible customer and the conditions under which the Company or an independent power producer shall sell electricity to customers meeting the criteria to be classed as eligible customers.

(b) the renumbering of paragraph (j) as (l).
