**NOTIFICATION FOR THE PUBLIC DISCLOSURE OF THE ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT (ESIA) OF KOIDU LIMITED'S EXISTING DIAMOND MINING OPERATION TO REFLECT ITS PLANNED CHANGE FROM AN OPEN PIT TO AN UNDERGROUND MINE**

**Govt. Notice No. 273**

This notice serves to inform interested and/or affected persons/parties (I&APs) of the Environmental and Social Impact Assessment (ESIA) conducted with respect to the commencement of underground mining operations in Koidu Limited's existing operation on the outskirts of the town of Koidu, Kono District, Eastern Sierra Leone.

The mine has been in operation since 2004 and has a mining lease on the area valid till 2030. The financial uncertainties encountered with the open pit mining operation which was on the verge of getting uneconomic, with mining at depth, necessitated the consideration and planning for underground mining. The new underground scheme will have two distinct advantages:

1. It will enable Koidu Ltd. to mine more economically and for a longer period with positive consequences for the country, especially its economy; and
2. Many of the inimical environmental and social effects experienced with the current open pit operation will be greatly minimised by going underground.

The proposed underground mining operations and the changes in the overall mining operations warrant a comprehensive ESIA which will depict the associated environmental, social and health impacts of the new mining methodology as stipulated in the EPA Act, 2008 & MMA Act 2009.

In terms of international standards and the laws of Sierra Leone, the project needs to be planned and designed in a manner that minimizes the potential negative social and environmental impacts and maximize the benefits. This will be achieved through the ESIA Process that the consultant, CEMMATS Group Ltd. (CEMMATS), an experienced Environmental Assessment consultancy with vast experience of working in the mining sector, and staff of Koidu Limited with considerable experience, not only in the current operation but in underground operations worldwide have undertaken. This collaboration has made for a comprehensive assessment that adequately addresses all the major issues that may arise from the new underground mining operations and ensure that Koidu Limited proceeds with its underground mining whilst adopting sound environmental principles.

Although the ESIA concentrates primarily on the underground mining, the reports also cover the entire operation and therefore include updating the original ESIA done by Digby Wells and Associates in association with CEMMATS in 2012. To embark upon underground mining, a development phase to access the ore has to be undertaken before mining proper starts. The mine will continue operating meanwhile on stockpiled ore with several aspects of the current operation will still be in use as at present.

This assessment is now at the stage where the results need to be presented to interested and/or affected persons/parties for discussion and finalization. Koidu Limited and CEMMATS propose to start the stakeholder engagement process on the 12th September 2016.

The reports submitted to the Environment Protection Agency - Sierra Leone (EPA-SL) are to be presented to interested and affected persons during a public disclosure session for discussion at the following locations and dates at 9:30a.m.:

- \* Koidu Location 1 - 12th September 2016
- \* Koidu Location 2 - 13th September 2016
- \* Archbishop Brosnahan Memorial Hall, Santano House, Howe Street, Freetown - 15th September 2016

The Environmental and Social Impact Assessment Study for Koidu Limited's Underground Mining Project was reported in two volumes titled:

- \* **Volume 1 -The Executive Summary and Main Report;**
- \* **Volume 2A & 2B - Environmental and Social Management Plan**
- \* **Volume 3 - Appendices**

The reports are now available for reference purposes at the following locations:

**Freetown:**

- \* The Environment Protection Agency - Sierra Leone (EPA-SL) office, 21 Old Railway Line Brookfields, Freetown;
- \* CEMMATS Group Ltd. at 7<sup>A</sup> Cantonment Road, Beyoh House, off King Harman Road, Brookfields, Freetown;

This public disclosure supplements a meeting with stakeholders held at the Tankoro Native Administration Barrie on Wednesday, 1st June 2016 at which a simply written project information material which was presented to each stakeholder and discussions held and issues clarified. Stakeholders have also been consulted about various aspects of the underground development periodically after this. We would now like to invite you and other key stakeholders to participate in the consultation process for this project. Your input and any issues or insights that you may have regarding the project will be valuable in the specialist investigations. Comments can be submitted verbally at the stakeholders' workshop or in written format. Written comments must be posted to CEMMATS Group Ltd, 7A Cantonment Road, off King Harman Road, Freetown or via email or telephone to the addresses provided below.
